

Ducklings Class Newsletter Module 1

| | |
|-----------------------------------|--|
| Central Idea | Understanding myself and others helps me build strong relationships. |
| Lines of Inquiry | An inquiry into the different ways people express their feelings and emotions. An inquiry into how our actions and words affect our relationships. An inquiry into how play can help us build relationships and a sense of belongings. An inquiry into the choices we make to take care of ourselves, others and our environment. |
| Approaches to Learning | Social Communicators Self management |
| Learner Profile Attributes | Caring Communicator Principled |
| Core Texts | The Owl babies. We are family |

Welcome to our new families and welcome back to those returning to Nursery! We are excited to begin our new module, where we will be learning all about ourselves, our friends, and how to get along with others. We will explore the different ways people show feelings, how our words and actions affect our friendships, how playing together helps us feel included, and the choices we make to take care of ourselves, others, and our environment.

The children will practice sharing, taking turns, expressing their ideas and feelings, and making thoughtful choices. We will enjoy stories such as *Owl Babies* and *We Are Family* to help us talk about feelings and being with others. In phonics, we will focus on early listening skills, games, and using musical instruments to support communication and following instructions.

As autumn arrives, the children will enjoy sensory play with autumn treasures, autumn-themed art activities, and outdoor walks to notice the seasonal changes around them.

We look forward to a fun term of learning, discovery, and connection, and we are excited to work with you to support your child's journey in Nursery.
