

# Woodpeckers Class Newsletter Module 4

Leigh Academy  
Oaks

<b>Central Idea</b>	The arts can provide us with the opportunity to appreciate differences.
<b>Lines of Inquiry</b>	An inquiry into the diverse ways people express themselves through art. An inquiry into how art can show us unique stories, experiences, and traditions from different communities. An inquiry into how experiencing diverse art helps us value and respect others.
<b>Approaches to Learning</b>	Social skills Research Skills
<b>Learner Profile Attributes</b>	Open minded Communicators
<b>Core Texts</b>	Anansi and the Pot of Wisdom, The Egyptian Cinderella, Perfectly Norman

In Module 4, Woodpeckers will be exploring the arts. We will aim to learn about different cultures and people by exploring the art they produce.

This will link into our English where we will be looking at stories from different cultures as well as Music where we will explore instruments and sounds from cultures around the world. Our art focus will be on creating 3D models using clay. We will aim to replicate some of the artefacts created during the Shang Dynasty, which links into our history work,

In maths we will be exploring scales and measures, learning about all metric units of measure for length, weight and capacity.

Beyond that, our computing will involve exploring how computers work and our Religion and World Views topic will be investigating the concepts of right and wrong. I look forward to some interesting debates.

Finally, in Science we will be exploring forces and magnets which is always an exciting subject for the children.

Thank you for your continued support with your child's learning.  
If you have any questions, please don't hesitate to contact me.
